Advanced Grazing School to be held August 17-18th

This grazing school is open to those that have already attended a grazing school in the past. The topics are listed below. It is a two-day school at the Montgomery City Library and the cost is \$20.00 per person and \$25.00 at the door. A meal is provided both days. If you are interested in attending and have been to a grazing school, you can send your check for \$20.00 to the Montgomery County SWCD, 1013 S. Sturgeon St., Montgomery City, MO 63361. Please RSVP by August 11th. For more information, call 573-564-3715, x3 or 636-456-3434, x3.

August 17th

5:30pm—Meal

6:00pm—Tim Clapp, Grassland Conservationist, NRCS MIG Refresher

6:45pm—Rich Hoormann, University of Missouri Extension, Advanced Soil Health

7:15pm—Rich Hoormann, Advanced Fertility Management

Cost-Share Money for Lower Loutre AgNPS SALT Area

Ann Whitehead, AgNPS SALT Manager

Montgomery County Lower Loutre S.A.L.T. (Special Area Land Treatment) has received \$75,000.00 to use for cost-share practices this year. The money can be used for *Ground Water Practices*—Spring Development, Well Decommissioning, Sink hole protection, Compost Facility; *Woodland Practices*—Timber Stand Improvement, Woodland Protection Exclusion, Log roads, Trails, Landings, Crossing, Use Exclusion; *Buffers Practices*—Field Borders, Filter Strips, Riparian, Forest Buffer, Streambank Protection; *Erosion Control Practices*—Critical Area Treatment, Sod Waterways, Diversions, Terraces or Water Impoundment (ponds). *Pastureland Practices*—Vegetation Enhancement, Planned Grazing Systems. *Nutrient and Pest Management* (grid soil testing) and (pest plans) can be done on cropland or pasture land. *Streambank Stabilization*. **These funds will not roll over to next year, so we will lose it if not used. Funds must be used within the Lower Loutre S.A.L.T. Watershed. If you are interested in any of these practices please call 573-564-3715.**

Women's Ag Awareness Tour

Mandy Schebaum

Montgomery Co. FSA

On Wednesday, June 9, 2010, women from the Montgomery and Warren County communities toured several farms specializing in growing garden vegetables and flowering plants. The group of more than fifty women traveled to Yellow Dog Farms, Seven Cedars Farm, and the Rusty Lee Farm where they were able to see the different types of facilities used to grow garden vegetables and flowering plants; some in open fields, greenhouses, and high tunnels. This event was sponsored by Montgomery County's Farm Service Agency, Soil and Water Conservation District, and Natural Resources Conservation Service.

Quail & Upland Wildlife Federation, Inc.

Loutre Valley Chapter

1st Annual Habitat Banquet

Saturday, October 2, 2010

Doors Open at 5pm—Dinner at 7pm

Montgomery County Fairgrounds—Merchant's Building

This tour was very informative and gave the women a chance to see what their neighbors were doing and pick up a few new ideas. Some of the practices highlighted in the tour are available for technical and cost share assistance through the county offices.

At the door...
\$55 couples ticket w/membership
\$45 singles ticket w/membership

In Advance...
\$35 pre-banquet ticket for single or couple w/membership. Ticket must be purchased prior to September 27, 2010 and your dinner and drinks are on us!
WE WANT TO SEE YOU THERE!

\$250 event sponsor (includes 2 dinner tickets, membership, QUWF knife and \$100 raffle ticket bundle)

Raffle Includes...

Deer Hunters Raffle for winner's choice of Remington CDL rifle w/ scope, Mathews bow set-up, or Vortex optics package; Quail Hunters Raffle for SKB grade 2 over/under shotgun or Upland vest ; Turkey Hunters Card Raffle for Remington Turkey Shotgun, set-up with scope and custom choke tube, turkey vest and turkey calls; Equipment Raffle for 3 prizes: including Stihl chainsaw, Stihl leaf blower, or Fimco sprayer; For the Girls Raffle for Limited Longaberger wrought iron beverage tub w/ basket and Pandora jewelry set of necklace, ring, and earrings (sterling silver and 14K gold); More guns than ever before, several more than mentioned here; Too many live and silent auction items to mention; Some items may change based on availability ,

Lincoln University's Innovative Small Farm Outreach Program Offers Services to Area Farms

Janet Hurst

Farm Outreach Worker

Franklin & Warren Counties

Lincoln University Cooperative Extension

Are you aware there are Farm Outreach Workers (FOW's) available to assist you with your farming questions? Lincoln University Cooperative Extension provides one on one support, bringing information from University Experts directly to the farm. This team has been assembled to supply research based information offering practical solutions to problems producers face each day. Whether you need help with growing techniques, pest management, livestock production, or marketing the FOW's are ready to help.

During the first year of the program several workshops were offered and such topics as grant writing, hoop house construction and urban gardening were well received. Workshops are based upon the needs and requests of the producers and more to be announced in the near future. Farm Outreach Workers are up to date on grant availability and keep participating farmers informed of new opportunities.

If you are a small farmer and you live on a farm (rural or urban), your farm produces an income which is a viable part of your family resources, your family provides most of the management and labor for your farm

Conservation Reserve Program General Sign-Up 39 August 2–27, 2010

Ryan Eddy/Priscilla Eggering, FSA

Farm Service Agency will hold a Conservation Reserve Program (CRP) signup **August 2nd – August 27th, 2010**. CRP is a voluntary program that helps agricultural producers use environmentally sensitive land for conservation benefits. Producers enrolled in CRP plant long-term, resource-conserving covers to control soil erosion, improve water and air quality and develop wildlife habitat. In return, FSA provides participants with rental payments and cost-share assistance. Contract duration is between 10 to 15 years.

To be eligible for CRP enrollment a producer must have owned or operated the land for at least 12 months prior to the end of the CRP signup period, check with the FSA office for exceptions to this rule. For land to be eligible for placement in CRP, land must be cropland that is planted or considered planted to an agricultural commodity 4 of the 6 crop years from 2002 – 2007, and which is physically and legally capable of being planted (no planting restrictions due to an easement or other legally binding instrument) in a normal manner to an agricultural commodity.

If you are interested in the signup contact your local FSA office as soon as possible to schedule a time. To be prepared you will need to bring with you a current copy of your deed to

and your total annual family income is less than \$50,000 you are eligible to participate in the program. FOW's are well acquainted with programs for those producers who are socially disadvantaged and who want to improve their overall well-being. The goals of the program are to increase the participants' farm income and assist in improving the overall farming operation. With the current focus on local food production, it's the perfect time to learn more. If you would like information on the program please contact:

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

verify correct ownership. You will also need to know which fields you wish to check about making an offer and the type of cover that is currently on them.

Deadline for 2008 SURE Disaster September 30, 2010

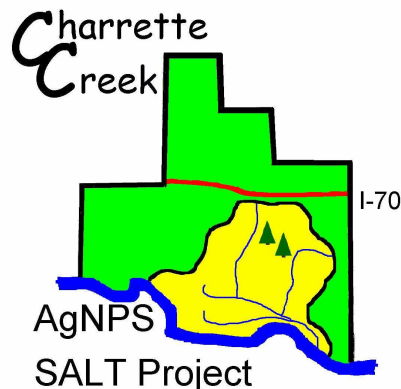

Ryan Eddy/Priscilla Eggering, FSA

It has been announced that the last day to make application for the 2008 SURE Disaster program is September 30th, 2010. If you think that you are eligible be sure and contact your local FSA office prior to the deadline.

Charrette Creek AgNPS SALT Project Ends After Seven Years

Lafe Schweissguth
AgNPS SALT Manager

On June 29, 2010 around forty people, both staff and Ag producers got together to celebrate the finale of the AgNPS SALT Project. AgNPS SALT was a watershed initiative for Charrette Creek. This Project started on July 1, 2003 and will conclude on July 1, 2010. AgNPS was a 7 year program that started out with \$750,000, and these monies were used to assist landowners to complete practices on their land. The money also aided in conducting information/education field days such as 4th grade farm tours, or soils and forestry contests here in Warren County and other info/ed reasons. The money also helped to fund meetings and fund a project coordinators salary.

The meeting itself went extremely good. The Infield in Marthasville catered the food and also supplied us with a great meeting room. Everyone enjoyed the food and the PowerPoint slide show that was prepared of finished projects that were completed in the Charrette Creek Water-

Russell Vahle Recognized for 12 Years of Service on the Warren County Board of Supervisors

Russell Vahle was honored at a luncheon on July 22nd for his 12 years of service to the Warren County Soil & Water Conservation District as a Board Supervisor. Russell received a plaque and a gift certificate in appreciation for his time spent serving the board. We thank Russell and wish him the best of luck in his future endeavors! (presenting the award to Russell is Ralph Glosemeyer, Board Chairman.)

Warren County Fair Prize Winner

were completed in the Charlotte Creek Watershed. Overall, 15 different enhancements were used, around 1,500 acres were enhanced, and \$90,716.43 was spent in the Watershed. Overall the meeting and the project went really well. We had a great turn out, the food was great, and thank you to everyone that was involved.

This youngster was one of the prize winners at the drawing the district held at their display in the 4-H Exhibit Hall at the Warren County Fair. The display shows many of the information/ education programs the district hosts for youth throughout the year.

2010 Montgomery County Fair

Gayle Adams Montgomery SWCD

Kickin' Up the Fun in 2010 was the theme for the Montgomery County Fair. This year was no different than any other year. There was something for everyone at the fair. The festivities began Monday, July 19th with participants bringing in their fair entries from cured ham to photographs. That evening was the coronation of the Little Mr & Miss and Queen contests. On Tuesday, July 20th began the judging of the livestock and carnival rides and it ended that evening with the Super Farmer Contest.

**Fair Queen Alyssa Thomas,
(left) 1st runner-up Kaylee
Carter; (right) 2nd runner-
up Jeanice Romaker**

**Little Mr and Miss
Contest Winner**

On Wednesday livestock judging concluded leading up to the Junior Livestock Auction where the participants get a chance to sell their animals and get rewarded for their hard work. Other attractions Wednesday were the Garden Tractor & Antique Tractor Pull along with the Demolition Derby.

Thursday was declared as Senior Citizen day at the fair. The main attraction that evening was the "celebrity" goat milking contest where local celebrities join in some good hearted competition and fairgoers could enjoy the music of the Country Gold Tour. Friday the main attraction was the Truck and Tractor Pull.

Saturday the name of the game was "competition". Starting at 8:00 a.m. there was a MoCoFa Run ending with a greased pig contest at 4:30pm with many opportunities in between for the local youth to compete in various contests. There was a Truck

and Tractor Pull, however, it was cut short by stormy weather.

Weather is something that fairgoers have to contend with every year. You can almost bet no matter how much rain there has been leading up to the fair we will get a down pour some time. Also, Mother Nature usually picks this week to turn up the thermostat to close to unbearable.

Summer Interns for FSA Returning to School

Beth Nordwald and Mandy Schebaum joined the Montgomery and Warren County Farm Service Agency offices this summer through the FSA internship program. During their internship, they learned about FSA pro-

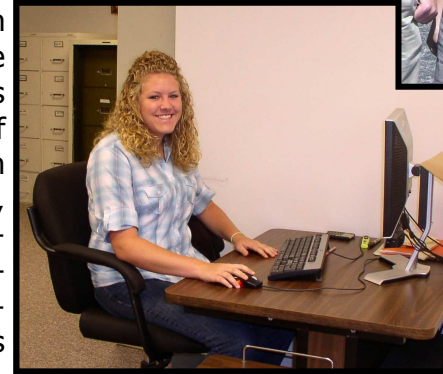

The Montgomery County Soil & Water Conservation District in cooperation with NRCS, FSA and MDC had a display in the Merchant's Building with information about many of our programs. We hope that you had a chance to make it into that building to see our display and as always if you have any questions or concerns that we can help you with please feel free to visit our office or call.

Super Farmer Contest Tuesday evening

their internship; they learned about FSA programs and farm loans. Beth and Mandy also assisted producers during crop reporting.

Beth has been at the Warren County FSA office this summer. She is a 2009 graduate of Warrenton High School. This fall, she will be a sophomore at the University of Missouri-Columbia. Beth is pursuing a B.S. degree in Ag Economics-Public Policy and a minor in Political Science.

Mandy spent the summer working in the Montgomery and Gasconade offices. During the school year, she works in the Missouri State FSA office as a student intern. Mandy was a 2009 graduate of Gasconade County R-1 High School. She is currently a sophomore at the University of Missouri-Columbia. She plans to graduate with a B.S. in Ag Education and a minor in Ag Economics.

CRP-Outreach

Mandy Schebaum
Montgomery Co. FSA

On Tuesday, June 15, 2010, Tammy Teeter, Linda Krattli, and Mandy Schebaum representing Montgomery County Soil and Water Conservation District (SWCD) and Farm Service Agency (FSA), informed children of the importance of water.

The group gave two presentations at Montgomery City Library in the morning to preschoolers and two in the afternoon to children kindergarten ages and up, with approximately twenty kids at each presentation. Each presenter gave a brief presentation on the different uses for water (i.e. agriculture, use of watersheds, and uses by world population).

After the presentation the children had the opportunity to ask questions and take their pick of take-home fun items; from coloring books to tattoos to candy.

Montgomery County Final Cost-Share for FY10

In Fiscal year 2010 (July 1, 2009 – June 30, 2010) we were allocated \$693,654.97; however, due to the rescission that amount was reduced by \$158,884.99. Of the remaining \$543,769.98 we were able to claim \$497,780.41 in 97 contracts.

Practice	Number of Contracts	Cost-Share Dollars
Grazing Management	3	\$3,599.87
Grazing System Water Distribution	2	\$3,383.00
Grazing System Lime	1	\$216.87
Ground Water Protection	1	\$400.00
Well Decommissioning	1	\$400.00
Sheet & Rill/ Gully Erosion	27	\$213,730.21
Permanent Veg Cover Establishment	1	\$2,829.66
Terrace Systems	1	\$1,332.00
Diversion	1	\$4,015.07
Terrace Systems with Tile	20	\$191,921.19
Pond	1	\$7,222.60
Drop Structure	1	\$3,221.96
Waterway	2	\$3,187.73
Woodland Erosion	1	\$947.87
Use Exclusion	1	\$947.87
FY09 Carry-over	11	\$75,792.60
Livestock Exclusion	1	\$2,227.50
Terrace Systems with Tile	7	\$53,501.59
Pond	2	\$18,266.29
Waterway	1	\$1,797.22
Bear/Brush AgNPS	39	\$168,005.22
Terrace Systems	1	\$1,330.87
Critical Area	1	\$1,044.97
Terrace Systems with Tile	15	\$119,724.59
Pond	1	\$5,901.02
Drop Structure	3	\$9,561.71
Waterway	10	\$21,271.46
Field Border	2	\$6,122.00
Nutrient Management	6	\$3,048.60
Lower Loutre AgNPS	15	\$35,304.64
Terrace Systems with Tile	1	\$4,219.87

Above—Left to Right, Tammy Teeter, Linda Krattli, and Mandy Schebaum talk to students about the various uses for water and why conservation is so important.

Grazing System Water Distribution	1	\$6,806.80
Pond	1	\$9,690.71
Field Border	3	\$6,500.76
Nutrient Management	9	\$8,086.50

Montgomery County FY11 Cost-Share Funding

Our FY11 allocation is \$400,383.56. DNR has indicated that we may be able to add additional funding as the year progresses. Until that time our funding is divided into the following resource concerns;

Grazing Management.....	\$5,100.00
Nutrient Management.....	\$33,000.00
Pest Management.....	\$151.50
Sensitive Areas.....	\$11,341.76
Sheet & Rill/Gully Erosion.....	\$216,690.30
Woodland Erosion.....	\$3,300.00
Bear/Brush AgNPS.....	\$55,000.00
Lower Loutre AgNPS.....	\$75,800.00

Just a reminder, that our cost-share practices are bases on first come, first served, as money is available. So give us a call when you are ready to stake and we can get you on the list.

Cost-Share funds are provided by the 1/10 of 1% parks and Soils Sales Tax.

State Women In Ag Conference to be Held September 13-15

Women from throughout Missouri who are involved in some aspect of agriculture are invited to come together September 13-15 in Branson, site of the 16th Annual Missouri Women in Ag Conference.

The conference, with a "Growing in Harmony" theme, will include a tour of the College of the Ozarks, a higher-education environment in which students couple curriculum with hands-on farm production, industry and managerial work experience.

Conference participants also can choose among workshops covering a variety of topics, including: an overview of state and federal programs that provide technical and financial assistance; financial trust basics; awareness of Homeland Security issues associated with the agricultural community; farm-management skills; growing, preserving and using organic herbs; archery; and other optional networking sessions.

Conference speakers will provide insight for achieving greater independence and a healthier lifestyle.

"The Women in Ag conference is a good opportunity for women to learn

**16th ANNUAL
CONFERENCE**

September 13, 14 & 15, 2010

Quail Forever Chapter Forms to Help Local Wildlife

***Jeff Esely, MDC
Private Land Conserva-
tionist***

Quail enthusiasts from Franklin and Warren counties recently established the Missouri River Valley Chapter of Quail Forever; an organization dedicated to the conservation of quail and other wildlife through habitat improvement, public awareness and education.

Quail Forever was launched in 2005 by its sister organization, Pheasants Forever, to address the continuing loss of suitable quail habitat, and the Missouri River Valley Chapter is focused on improving quail cover on the landscapes of Franklin and Warren Counties.

Quail Forever chapters get to determine how all of their locally raised conservation funds are used, and the Missouri River Valley Chapter plans to spend most of their funds on habitat improvement projects in the local area. The Chapter is currently participating in the "Missouri Bobwhite Quail Challenge Grant" program. This is a program where local chapters match funds with the Missouri Department of Conservation on a 1 to 1 basis to help land-

nity for women to learn what's going on in other parts of the state relative to agriculture," says Amanda Cook, conference chair. "The program focuses on the interests of women, especially in relation to agro-business and specialty types of agriculture."

Cooks says feedback from participants of past Women in Ag conferences indicates healthy social benefits as well. "The conference is an excellent opportunity for women to network, reconnect and learn from one another," she says. "When the participants leave the conference and head back home, it's like they are taking a number of new friends along with them -- women with similar lives and concerns who can be called upon at a moment's notice."

The 2010 conference is partially sponsored by the USDA's Natural Resources Conservation Service, USDA's Farm Service Agency, and Missouri Soil & Water Conservation Districts throughout the state. Registration is accepted until August 12. For more information, contact Lyn Hines at (417) 468-4176, ext. 3, or by email at lyn.hines@swcd.mo.gov.

owners fund habitat improvement projects for quail and other wildlife.

Chapter members are excited to get the new organization off the ground. "Missouri has experienced such a dramatic downturn in our quail population," says Arvil Kappelmann, the new chapter's treasurer. "Personally, I got involved with this chapter because I've always loved to hear the whistle of bobwhites on my farm, and I know that good quail habitat means good things for a wide variety of other wildlife species"

For more information about the Missouri River Valley QF Chapter, please contact chapter president, Larry Hanks, at (573) 619-8237 or treasurer, Arvil Kappelmann, at (314) 603-6731. To learn more about habitat improvement options for your land, contact MDC Private Land Conservationist, Jeff Esely at (636) 528-4877 x3.

Prescribed Burn Workshop

**Learn to safely plan and
execute a controlled burn**

Date: Thursday—September 9, 2010

Time: Registration 6:00pm

Program 6:30-9pm

Place: Warrenton Extension Office

107 W. Walton, Warrenton, MO

**Jeff Esely and Dan Crigler,
MDC Private Land
Conservationists,
will be doing the presentations.**

**Please RSVP to
